

Booshoo! To all our tribal membership.

My name is Lisa Mosay, and would love your support, in the up coming St Croix Tribal Elections, as I would be honored to represent the Round Lake Community of our tribe.

My parents are Raymond and Virginia Mosay, and my grandparents are John and Eliza Lowe, and Tom and Margaret Moose.all lifelong members of Round Lake.

We have become a better tribe , in the last few years, and alot of issues have been addressed, and alot has not, and have not been changed. There is always room for growth, and improvement, we need to continue, to be accountable, and the people need to have a say in all aspects of the future of our tribe. I have worked for 20 some years in different capacities, within the tribe, Summer Youth Program, Human Resources Dept, Tribal Finance, Tribal Elder Dept, I was apart of the team that put the Little Hertel Turtle Express, off the ground, and spent 7yrs at the Round Lake Community Center as Adminstrative Asst. A job I adored, as it brought me close to the youth and elders of our tribe, fighting for them, is and was ,and always will be an awesome growth and experience for me, So I have experience, within the tribal operations.

I'd like to be a voice for our communities, I would like to continue the fight for our youth and our Tribal Elders, as they're our past and future. I cannot express enough, how the elders , who carry and who teach and share the ceremonies traditions, and keep our culture alive, how there requests and ideas, should always be listened to and supported. And never go unnoticed, No matter the request, we need to support what we are slowly losing, in all manners.take care of your people first, is what I see and feel.

The drug epidemic that we are all so feeling and involved in, whether we like it or not, is at an all time high again, and it's hurting and killing our families, and I beleive, should be addressed, by our Tribal Police Dept. And within our communities, as well. I would like to find more monies, for additional officers and staff , to better handle this drug epidemic , pilot offices and an officer, In each community, had once been discussed, wonder what became of that? We need to work together, and I'd like to work with everyone to take this issue head on! No more deaths. I feel personally, to get them out! And keep them out! And last but not least, get them the help, if we can, that they so need. Address the drug problem with more resources , more help for recovery.

I'd continue our work on the constitution, where I have been involved and attended meetings when I could. That constitution is for the people, not the governing board, and when addressed, it will be by the people of the St Croix Tribe, and more power given to the people.This tribe needs that.

Housing is another huge issue, I'd like to be more part of. That department, just doesn't get the attention it needs, and only the tribal people feel it, I'd like to address alot, when it comes to our housing issues. We should never be homeless, no matter. Too many issues to address here.

There is alot more, I would be so interested in being apart of, these are a few , that are important to me and always have been.

I would like your support , I would like to be your voice, I would like you all and myself to be apart of the growth of our tribe, not with nepotism, micro management, and favoritism, I try and not get upset, when this issue comes up, my brother Jerry Lowe taught me, and showed us, to keep policy and procedures in place for everyone, then there is no room for wrong, because I truly believe and continue to believe , there is no room for growth or tribal prosperity, when you run your depts or operations like that. There is no room in tribal government for that. We do not get elected to favor, we are elected to make sure, we all succeed. Be self sufficient, and become great as a tribal nation. I would appreciate your vote on June 10, 2023, for a chance to be your voice, when it comes to being apart of St Croix succeeding. For a chance to be apart of the growth and take the people of our tribe with me. As a voice! Accountability, then everything eles falls into place, is my thinking. Chi-miigwetch and hope everyone takes the time to vote, for your leadership and future. I'd appreciate your vote! For a say in all aspects of our tribe, and for us all, to be apart of the growth and future of St Croix.
